GRAIN BILL IS NOT SETTLED

It May Pass the Senate, But the Result Is Very Doubtful as Yet.

LARGER INTEREST

Seven Thousand Dollars More Interest from State Money, Expected by Treasurer Kempf.

(Special to The Gazette) Madison, April 18.—The bill providing for a Wisconsin system of grain inspection will be fought out on the floor of the senate next week, and Senator Hudnall thinks he can muster enough votes to cast it, though he admits the margin will be close. The majority of the state affairs committee recommended it for indefinite postponement Friday. Senators Riordan, O'Neill and Rogers being opposed, while Chairman Hatton and Senator Munson dissented in favor of the bill. If it gets through the senate, there is little doubt of its passage in the assembly, and the opposition will make a hard fight to kill it in the upper house.

More Interest—sureties on the treasurer's bond, that the state will receive about \$7,000 more annually in interest on state deposits as the result of the law authorizing the treasurer to give a surety company bond, the cost to be borne by the state. Under the present system banks which receive deposits of state money become sureties on the treasurer's bond, without charge. They pay the state 2 per cent. interest on deposits, and Mr. Kempf believes the present condition of the money market warrants a higher rate. An increase of one-fourth of 1 per cent. would give the state about \$7,000 more annually, he says.

Divorce Bill—The divorce bill reported by the assembly judiciary committee as a substitute for the measure introduced which barred marriage of divorced persons within two years after the decree is granted, is not being received with unqualified favor. The substitute offered by the committee permits the party who procures the divorce to marry at once, but prohibits the one from whom the divorce is obtained from marrying within a year. The defendant is not always the guilty party in a divorce case, and there are many who believe that no more stringent restrictions should be placed about the persons from whom the divorce is obtained than on the one obtaining it.

RAILROADS WILL OBSERVE SUNDAY

The Northwestern Sets the Example, by Issuing Orders Restricting Running of Trains.

Sunday work on the Chicago and North-Western railway is being gradually reduced to a minimum. The company is determined to give to all the men in its employ, as far as possible, the benefit of a quiet Sunday at home, and in order to do this the officials are cutting out all work that will tend to keep the men out on the road and on duty in the various departments on that day.

This is a hard thing for the company to do, for Sunday has been the heavy day for railway traffic and a time for cleaning out congested yards and doing all the extra work necessary to get the lines free for the week day business.

Under the new regulations nothing is to be started out on the road after twelve o'clock midnight Saturday, unless it be for the purpose of getting a crew home for Sunday rest, or for the movement of perishable freight and live stock.

Through passenger traffic will necessarily have to be taken care of but all local passenger trains will lay over at division terminals, and in all other branches of the service only the pressure of absolute necessity will find anything doing on the first day of the week.

What it means to stop work for one day on a system like the Northwestern may be imagined when it is known that right here in the Janesville yards 23,542 cars were handled during the month of March. While a large majority of these cars belonged to the system, yet a great many "foreign" cars are to be found in the make-up of every train and it is not a paying proposition to hold these cars any longer than is actually necessary.

Formerly the rule was for one line to charge another at the rate of four mills per mile for the use of its cars but now the schedule is twenty cents per day up to the expiration of thirty days, after which time one dollar per day is charged.

A special train with a Janesville crew in charge went from Beloit to Evansville last evening for the accommodation of those desiring to attend the high school oratorical contest held at the latter city. About 110 went from here and 35 from Beloit. The train was in charge of Conductor Dickens, with Engineer Gallagher at the throttle and left the Northwestern passenger station at 7 o'clock for the cut-off city, returning at the close of the exercises.

CATS RAISE A RUMPUS AT OLD MAIDS' MEETING

Feline Pets Start a Fight and One Falls Over the Rail, Causing Owner to Faint.

Rochester, N. Y., April 18.—At the session of the old maid's convention at Pittsford Miss Amelia Higginson was unanimously elected president and Miss Dorcas Lindsey of Fairport secretary. There was some excitement at the morning session when several cats which the delegates had tethered along the railing of the stairs got to fighting. A tortoise shell feline belonging to Miss Abigail Bean of Ligonville fell over the railing and, suspended by the neck with a lavender-colored ribbon, strangled to death before its frantic mistress could reach it. Smelling salts saved Miss Bean from a fainting fit.

The paper of the day was read by Miss Elizabeth Sneltinger of Ovid on "Marriage and Its Limitations." The speaker declared in acid tones and with sneering language that marriage is the "Siberia of womanhood."

FRENCH CITY IS ALL ON FIRE AND WILL BURN UP

Marseilles Has a Conflagration That Threatens to Destroy All the Old Part of the City.

(Special to Scripps-McRae) Marseilles, April 18.—A great fire is raging here. The blaze originated in Alhambra hall which contained an exhibit of fisheries and like saying apparatus. The flames went as high as three hundred feet. High winds swept them to a neighboring house and now the entire old portion of the city is burning.

STATE NOTES

The Fond du Lac county board will probably purchase grounds in that city from the county fair.

It is believed that the Peerless Piano Playing company of New York will locate in Racine. The company employs 300 men.

The biennial state convention of the Equitable Fraternal Union will be held in Marshfield on Monday and Tuesday, April 27 and 28.

"The Gay Deceiver," a comedy in three acts, was presented at Oconomowoc under the auspices of the High School Alumni association.

Philip Gillis, a well known young man of Racine, had a narrow escape from drowning Thursday by becoming entangled in a fish net which he was lifting.

The Oshkosh-Fond du Lac electric car has been barred from crossing the Main street bridge at Oshkosh because the officials fear that the structure is not strong enough.

Three religious bodies are holding conventions at Marinette—the Norwegian Lutherans of northern Wisconsin and Michigan, thirty delegates; Swedish Baptists and the Swedish mission; twelve delegates each.

Judge E. B. Belden of Racine has decided that Attorney Henry Welsman of Kenosha county is incompetent and that while a judgment of insanity stands against him he can not practice law in the First judicial circuit.

The Norden, a new magazine published in the Danish and Norwegian languages, the only one of the kind in America, will be issued in Racine May 15. Mr. Iver Kirkegaard of Worcester, Mass., is the editor.

A class of seventy-five geological students from Wisconsin and northwestern universities are at Baraboo, studying the formation of rocks along the Wisconsin river. Later the students under the direction of Profs. Grant, Van Hise, and Clemens, will inspect the Dells.

NEGLECTS TO TAKE THE OATH

Steel Trust Decision May Be Invalidated by a Technicality.

Trenton, N. J., April 18.—The steel trust decision allowing the United States Steel corporation to convert \$200,000,000 of preferred stock into bonds may be invalidated by the discovery that Judge William H. Vredenburgh, as a member of the court of errors and appeals, has served for five years of a six years' term without being sworn. When Judge Gray of Newark was sworn into office it was discovered that the records did not show that Judge Vredenburgh had taken a similar oath. Judge Vredenburgh sat in the United States Steel corporation case, the Jacob Rogers \$5,000,000 will decision and has been identified with many municipal cases.

ARE CHAMPIONS OF THE NAVY

Gunners of the Battleship Alabama Score High Average.

Pensacola, Fla., April 18.—The gunners of the battleship Alabama are now the champion marksmen of the American navy, having scored a general average of 59.7 out of a possible 100 at target practice. This covers the work of one week with guns of all caliber. At no time did the vessel steam at a rate of less than ten knots or at a range less than 1,400 yards. The record takes the championship honors from the Massachusetts, which made a general average of 56 per cent.

* Son of Ex-Governor Boles Dies. Waterloo, Ia., April 18.—Louis Boles, son of Governor Boles and a member of the law firm of Boles & Boles, died of typhoid fever. He was 39 years old.

MORE SCANDAL IN POST OFFICE

It Is Now Asserted That Many Clerks Are Guilty of Great Irregularities.

SOME DISCHARGED

Chief Offenders, However, Said To Be Safe, and Not Liable To Be Dismissed.

(Special to Scripps-McRae) Washington, April 18.—The latest irregularities in the post office department have been brought to light in the dead letter office where it is said that clerks have been using their inside information to help them in the purchase of valuable packages offered for sale by the government. Several Discharged

A number of clerks have been discharged but it is said that the ones most guilty will retain their places unless some unforeseen influence is brought to bear.

* Bought Packages

It is charged that these clerks bought valuable packages after having found what they contained at reduced figures and at very small cost. This is in direct violation of the orders of the department.

HELEN HALE IS NOT ENGAGED

The Janesville Actress Denies the Rumor of Her Coming Marriage to Millionaire Counselman.

Miss Helen Hale, the "home grown article" in "Peggy From Paris," the big Chicago musical show, has been brought into the calculus light matrimonial. Reports emanating from New York sources state that she is engaged to Charles Counselman, Jr., the young society millionaire. Miss Hale, on the other hand, firmly but unequivocally denies the rumor. She confesses riding in his auto, and she guesses that he likes her as much as she likes him, but she is too ambitious to succeed before the public to enter private life.

On the rare occasions when Miss Hale is not before the eye of the theater-going masses her name is Miss Helen Cogswell, and under that name she lived for many years in Janesville. She is a Wellesley graduate, and when in college pulled stroke car on the freshman crew. Those who have seen her recently insist that she is one of the coming stellar favorites. She can dance and sing in most captivating style.

LUNCHEON FOR KATHERINE SMITH

Mrs. William Judd Entertained in Her Honor at Noon Today.

This afternoon at one thirty, Mrs. William H. Judd of No. 4 St. Lawrence Place, entertained at luncheon for Miss Katherine Smith. Covers were laid for nine and an elaborate seven course repast was faultlessly served. The decorations of the dining room were pink roses and the table was a mass of cut glass, glistening silver and beautiful flowers. The ladies present were Miss Katherine Smith, Miss Isabelle Smith, Miss Anna Valentine, Miss Agnes Shumway, Miss Harriet Bostwick, Miss Louise Shearer, Miss Mable Greenman and Mrs. DeAlton Thomas.

CHARGED WITH HANGING NEGRO

Coroner's Jury Holds Three Members of the Joplin Mob.

Joplin, Mo., April 18.—The coroner's jury that investigated the lynching of the negro found a verdict holding three men. It follows: "We, the jury, after hearing the testimony at the inquest over the body of a negro, whose name is unknown to us, find that he came to his death from hanging by the neck and that said hanging was done by Sam Mitchell, Ed Fields, alias 'Hickory Bill,' and a man named Barnes." Fields is now in custody. Ed Smith, who is charged with larceny during the riot, has been arrested and is now in jail. It is reported that seven or eight of the leaders in the mob have left the city, and others are going.

HEAR WEDDING BY TELEPHONE

Friends of Indiana Couple Listen to Words Spoken Seven Miles Away.

Dublin, Ind., April 18.—George H. Barnhill and Mrs. Ida Metheny, both of Nashville, Ind., gave their friends a surprise by calling them to their telephone to hear a marriage ceremony. The bride and bridegroom drove to the home of Rev. C. P. Hanna, seven miles east of Nashville to be married. From the minister's house they called up their friends and told them to hold the phone to hear the ceremony. The people in town could hear the words of the minister distinctly.

RUSSIA'S FLEET IS ALL READY

Report That the White Czar Is Making Ready To Seize the Dardanelles.

CAN WHIP TURKEY

It Is Now Thought That Many Vessels Will Soon Dash Down on Constantinople.

(Special to Scripps-McRae) Berlin, April 16.—The entire city is today aroused over the statement appearing in the Frankfurter Zeitung to the effect that Russia is contemplating the capture of Constantinople. And that its Black sea fleet is ready for an instant move upon the Turks' capital.

Fleet Ready

It is known in diplomatic circles that Russia has its fleet ready for instant service and that all available vessels have been mobilized at Sebastopol ready for action.

Another War

Such a move on Russia's part would doubtless bring about another Crimean war as none of the other European powers would allow Russia to hold so important a post as Constantinople without a struggle.

FAREWELL SUPPER TO MRS. BRISTOL

Thirty Ladies of the Benevolent Society of the Congregational Church, the Hostesses.

Last evening the Ladies Benevolent Society of the Congregational church were the hostesses at a farewell entertainment given in honor of Mrs. E. A. Bristol, the mother of Mrs. Charles McLean, who will shortly leave Janesville to make her home at Des Moines, Iowa.

Thirty Present

About thirty ladies were present and the afternoon hours were passed very pleasantly in conversation. At six a dainty supper was served the long table being very handsomely decorated with pink and white carnations.

Toasts Given

Rev. Denison was present and made a few well chosen remarks after which regular toasts and responses were given by the ladies. Mrs. Bristol is very highly esteemed by the ladies of the church but was a token of their appreciation for her sterling qualities and loving disposition.

BELOIT CASE WAS BEFORE COURT

Judge Dunwiddie Merely Sustains the Demurrer in the Goodwin Case.

Judge Dunwiddie has sustained the demurrer of the plaintiff in the case of Helen Fifield vs. Walter M. Britton et al., the suit regarding the option of the Goodwin house of Beloit. The demurrer touched on the legality of the title of the minor daughter of Mrs. Goodwin-Fifield. E. D. McGowan, attorney for the defense, states that the decision of the court in no way affects the merits of the main case, which is still to come up for trial, and that the point had already been conceded by the defense so it can not be regarded as a victory for the plaintiff.

LIPTON MUCH BETTER TODAY BUT BRUISED BADLY

Game Sir Thomas Slept Well and Says He Is All Right Though Badly Bruised.

Weymouth, April 18.—Sir Thomas Lipton was bruised in yesterday's yacht accident passed a good night, although still suffering from the shock. The Lloyd's agent who inspected the yacht says that the hull is not injured at all and only new spars are needed.

AUTOMOBILE KILLS ONE MAN AND MAIMS ANOTHER BADLY

Indianapolis the Scene of a Bad Accident to Two Prominent Men This Morning.

(Special to Scripps-McRae) Indianapolis, Ind., April 18.—Dr. Chas. Howard of St. Paul, Ind., and Richard Wright of Indianapolis, were run down by a street car this morning while riding on the streets and Howard was killed instantly. Wright was seriously injured. Howard had bought the machine yesterday.

LARGEST CRUISER AFLOAT LAUNCHED THIS MORNING

United States Has Added a New Giant Cruiser to Its Naval Forces.

(Special to Scripps-McRae) Newport News, Va., April 18.—The new armored cruiser West Virginia, the largest of its type in the world, was launched today. Miss Katherine White, daughter of Gov. White of that state, christening it in the presence of twenty-five thousand people many of whom were from West Virginia.

FIND MARTIN GUILTY OF ROBBING GRAVES

First of the Negro Ghoul Gang is Convicted by a Jury in the Indianapolis Court.

Indianapolis, Ind., April 18.—The jury in the Sam Martin grave-robbing case within half an hour after leaving the court room returned a verdict finding Martin guilty of robbing the grave of Johanna Stilz. He will be sentenced by Acting Judge Thornton. Martin is the first of the negro ghoul gang to be tried.

In the concluding scenes of the trial the lie was passed by Prosecutor Ruckelshaus to Attorneys Groninger and McCray for the defense and it was returned by McCray. Attorney Ruckelshaus and McCray were each fined \$5 for contempt of court.

Neither Martin nor his attorneys denied guilt, but the latter argued for acquittal because of a new law relating to grave-robbing. Martin was indicted under the old law.

(Special to The Gazette)

Madison, Wis., April 18.—While there is another meeting of the conference committee on the primary election bill next Monday evening, no result in the way of a compromise is looked for, the only purpose of the meeting being to determine how the report of the committee shall be made.

Senator Whitehead holds that it should be a joint report, while Chairman Andrew of the assembly committee contends that, while a joint report would be the proper thing if there was an agreement by the committee, the committee from each house should under the present situation make a separate report.

Death of Bill

There will be only one result, in whatever manner the report is made, and this will be the death of the bill on account of the failure of the committee to reach an agreement. The introduction of a new primary bill, through the assembly committee on privileges and elections, will follow the death of the present measure very closely.

New Bill

It is not yet decided whether the new bill will be the old measure with a referendum clause attached, to be voted on by the people at the next spring election, and subsequently put the law in effect before the next general election, or whether it will be, on the lines of the last proposition made by the administration conference.

Traffic through Portage lake was opened for the season Friday, when the Union Transit line steamer Nichol, coal laden, struggled through a mass of honeycombed ice and reached Houghton. August Moyer, a nonunion man who went to Buffalo on the steamer Kearsarge, has caused the arrest of a union fireman on a charge of robbery. He declares Fleagle is one of the four men who dragged him from the Kearsarge and beat and robbed him.

OPTION SECURED ON THE ROAD

SOUTHERN WISCONSIN COMPANY MAY BUY CITY LINE.

THE PRICE SET IS \$50,000

It is also said that the same company has option on the Madison Line.

In case the coveted franchise rights for a Madison extension are granted the Southern Wisconsin Interurban railroad company, that line will have the additional advantage of owning and operating the city street railway line to the advantage of both city and interurban passengers. After months of negotiations the local inter-city electric company has secured an option upon the Janesville city line and property, securing a price, it is said, of \$50,000. There have been rumors in the past of options secured on the line, but they have proven unfounded. The statement that the Southern Wisconsin company has secured the option is made authoritatively and the documents are in their hands to verify it. Not only is it asserted that the Southern Wisconsin road have an option on the Janesville line, it is also said that negotiations have been successfully closed whereby an option has been secured on the Madison line. This is only a rumor as yet, and Mr. Hayes, one of the promoters of the road will not say whether it is true or not.

Both Ends

Should this be true the proposed line would have terminal points in both Janesville and Madison, and would have the advantage over any competitor. It is also said that a preliminary survey has been made for the proposed line between Janesville and Madison and that the talked-of spur to Milton and Milton Junction has been thoroughly gone over. It is also asserted that the road can not be put in operation for an amount less than \$24,000 a mile.

The Traction Co.

The Traction company promoters stand back on their original proposition that they can build a road and put it in operation and that if they are given the franchise they will give the city of Janesville transportation from the standpipe to the Chouteau Hollister works for five cents. They also say that the road will greatly benefit the travellers as they can get off the cars at any point in the city and not be compelled to stop at one terminal and walk to another part of the city to take the other line.

Gone Over Roue

It is safe to say that Mr. Nolan, the Attorney for the road and Mr. Clough, the promoter, have thoroughly gone over the entire route proposed and are ready to start operations and secure right of way if the question is settled in their favor.

Before New Council

Both roads will start fresh before the new council. It will be decided upon the merits of the proposition asked for and it is also safe to say that the company that makes the most concessions to the city will land the plum.

NEW MACHINERY SENT TO IOWA

The New Doty Company Has Just Finished Several Large Orders for the West.

Ottumwa, Iowa, was the objective point for two cars of new machinery sent out by the New Doty Manufacturing company yesterday afternoon.

The shipment consisted of a couple of the combined punch and shear machines, of which the company make a specialty, and was consigned to the Box Car Loader company.

The machines varied in size, one of them weighing ten tons, while the other was an eighteen-ton affair. They are to be electrically driven, a 15-horse power motor being used for that purpose.

Seven more of these machines are now in process of construction by the New Doty company, each of which weighs over ten tons, and the foundry men are busy with an eight-ton casting.

The company had an order from the government recently, sending four of their big machines to Boston for use in the navy yard.

As the factory turns out machines that weight from 15 pounds up to 28 tons, their product is in demand and they are filling orders from all corners of the land.

Notice

Subscribers to the Municipal League fund whose subscriptions were paid at any of the city banks, can have same by calling at the bank where paid. Where the sum was paid to anyone collecting for the League, and it has not been otherwise repaid, it will be repaid by the teller at the Rock County National Bank. Subscriptions not called for in thirty days (unless the treasurer is afterwards notified to the contrary) will be understood to be given to the League for use in such other work as it may hereafter take up. Money received from candidates and others for use on election day is not included in the money to be returned.

F. C. GRANT,
Treasurer.

Surprised Miss Lied: In honor of her fifteenth birthday a number of employees of the Pearl Button factory last night very pleasantly surprised Miss Rosa Lied, one of their number. A handsome rug was their gift to Miss Lied. Games and music were the order of the evening, followed by refreshments. The misses Pearl Ross, May Conroy, Marie Kennedy, and Nellie Ryan were the leaders in the vocal music.

PLEASANT DANCE LAST EVENING

Bower City Verein No. 31 Germania Unterstuetzungs Entertained at West Side Odd Fellows' Hall. The members of the Bower City Verein, No. 31, Germania Unterstuetzungs gave a dance and supper for their members at the West Side Odd Fellows hall last evening. The party was largely attended and all had a very pleasant time.

Musical of an excellent quality was furnished by the Rehfeld and Baldwin orchestra, and the merry dancers whirled away the hours in a happy manner. The Germanias are a jolly crowd and the parties they give are full of fun and a good time generally. The partly last evening was no exception; every one went in for a good time and had it. Refreshments were served to which all did justice. Previous to the dance was a business session at which three candidates were initiated.

WILL MOVE ALL THE FURNITURE

Farmers' Rest Home Committee Will Move Their Gift from the Old Hospital.

A meeting of the members of the committee, who are working on the farmers' rest room question held a short meeting yesterday. It was determined to accept the offer of the Oak Lawn Hospital association to give them the necessary furniture for each room, and the ladies of the committee went out to the hospital building this afternoon to make arrangements about removing it to some place where they can keep it until question of a locality is determined upon. Another meeting of the committee will be held on the coming Tuesday when final arrangements as to rooms will be made.

GOOD TEMPLARS HONOR CLARK

The Local Lodge Hold Reception and Have Literary Program in His Honor.

An open meeting of the Good Templars was held at their large lodge rooms on South Main street last evening in honor of Rev. W. H. Clark, of Ripon, Wisconsin. The meeting was largely attended and an excellent program was rendered after which refreshments were served and a general social time enjoyed. The principal address of the evening was made by Rev. Clark who spoke at length of the evil effects resulting from the use of spirituous liquors. Illustrating in a clear and logical manner the superiority of the temperance man both physically and mentally, his bawler home and the more prosperous condition of his business. His remarks were much enjoyed by all.

The program was: Opening Ode, prayer; instrumental duct, Misses Clara and Mable Yates; recitation, Miss Flossie Appleby; Joe's Flowers; song, Elmer Vanpoole; music, Miss Ollie Tramble; reading, Flora Rider, Schlotte; song, Mrs. Dr. Richards; address, Rev. W. H. Clark, Injurious Effect of Liquor.

The several numbers of the program were well delivered and warmly applauded by the hearers. Refreshments were then served and the meeting adjourned for a social good time.

GIVEN ENCAMPMENT DEGREE: A NUMBER OF ODD FELLOWS FROM ORFORDVILLE WERE LAST NIGHT GIVE THE ENCAMPMENT DEGREE AT THE MEETING OF THE ROCK RIVER ENCAMPMENT, NO. 3, I. O. O. F.

Following the work in the degree a banquet was served and a social session occupied the remaining time.

ART LEAGUE HAS CLOSED ITS YEAR

Prof. Wright Delivered His Last Lecture on Greek Art, Yesterday Afternoon.

The ladies of the Art league had the pleasure of listening to Prof. T. J. Wright, of Beloit college, on Greek Art in the lecture room of the high school yesterday afternoon.

Prof. Wright spoke at length on the different types of Greek sculpture, beginning with it when it was little more than carving in a rough and crude way and pointing out its gradual development until in the fifth century. It was the art of the world. He spoke of the development of carving the smile on the human face, showing how at first it was impossible for them to give expression to it on the marble countenance, but with time and increasing skill it was finally brought out in its beautiful fullness. Among the great Greek sculptors, Prof. Wright mentioned Myron, Phidias, Praxiteles and Scopas, pointing out their different powers and comparing their work.

Prof. Wright is the Greek professor at Beloit and is thoroughly able to speak upon all questions that appear to that race. He is well acquainted with their life and arts and interested his hearers with his able discussion of their works. He pointed out as a great misfortune that the artists gradually drifted away from their higher class of subjects and finally used as their models the Roman gladiators with their purely animal faces, which gave them no opportunity to exercise their artistic ability. And so their fame as sculptors died with the masters of an early day.

The meeting was one of great interest to the ladies and was much enjoyed by them all.

SHOW IS GIVEN BY GYMNASTS

Y. M. C. A. CLASSES HAVE INTERESTING ENTERTAINMENT.

THE BOYS ARE WELL TRAINED

Do Some Difficult Work on Apparatus, and on Mat Tumbling Are Excellent.

An excellent gymnastic exhibition was given by the young athletes of the Y. M. C. A. to a good sized audience in the lecture room last evening. The exhibition was one of real merit and should be source of much pride to those who took part and to Director Mack who has trained them. The program consisted of the various forms of gymnastic work performed on the horizontal bars, parallel bars, horse and mat. About fifty young men took part and all did well.

OPENING EXERCISE

The performance opened with an exhibition in dumb bell work and hand movements by the junior class who were divided into classes A and B. These young boys were very good, going through their program with accuracy and skill.

WORK ON HORSE

The exhibition on the horse was good, many difficult feats were successfully carried out. The work of the horizontal bar was excellent, the performance being similar to that generally performed in a circus, and while it may not look hard the spectator, many of the turns are very difficult, calling for plenty of practice, skill and nerve. This feature of the program unfortunately was cut short, and much of the best work had to be omitted, by the accidental breaking of one of the stays, which necessitated the taking down of the bar. The boys were very sorry at the loss of the opportunity to show some of their best work.

MAT WORK

The mat work was well carried out. The boys taking part could hold their own with many of the traveling artists in this branch of the work. One of the principal features was the team of Mack and Gregory in somersaults turned in the air Griswold and Gregory who performed along the same lines were also good, the boys getting into the work with skill and spirit, going at it like old hands an dthe performance did not drag. Something was doing all the time. The tumbling by four Juniors about twelve years of age w. the assistance of Mack, was fine, the little fellows taking lots of interest in their parts and showed nerve and skill in their mid-air somersaults. A handsome pyramid was performed by eight of the young men. Among those who did the best work were Roy Palmer, Walter Gregory, A. E. Fatelias, James Gregory, and Harry Lee. Harry Kochin dressed as a German comedian amused the audience with funny remarks and antics, he taking the part of the clown in connection with the turns put on by the performers. He told several funny stories and showed himself to be an artist in that line as well as a skillful performer in athletics. Director Mack gave an exhibition of skill on the various devices used on the stage. Miss Eveline Packer furnished music for the performance, on the piano.

The exhibition as a whole was very good and all connected are to be complimented upon their work. The proceeds of the entertainment is to be used in the purchase of new apparatus for the gym.

THE COLLINS CASE VERY INTERESTING

LITIGATION HAS BEEN LONG DRAWN OUT—DECIDED AT LAST BY SUPREME COURT.

EIGHT YEARS OF LITIGATION WAS BROUGHT TO AN END YESTERDAY BY THE SUPREME COURT AFFIRMING THE DECISION OF THE LOWER COURT IN THE CASE OF ANNA COLLINS AGAINST THE CITY OF JANESEVILLE. THE HISTORY OF THE CASE FOLLOWS.

On June 5, 1895, Anna Collins, then 13 years of age, stepped into a hole in a sidewalk abutting property owned by Wilbur F. Carle on Cherry street, and the result was a serious fracture of her foot, so it was stated when a claim was filed shortly after against the city.

On a change of venue the case was carried to Madison where it was tried before Judge Siebecker in the January term of the circuit court, 1897. The result of this trial was judgment for \$1,600 in favor of the plaintiff. This sum was regarded as excessive in view of the injuries received, and on appeal to the supreme court the judgment rendered on the verdict was reversed and the case sent back to the circuit court for trial.

In April 1899 the case was tried the second time before Judge Siebecker, and judgment was given for \$2,500. The decision was again reversed by the supreme court, and the case was tried for a third time before Judge Siebecker with a resultant verdict for the plaintiff of \$2,800. A third reversal of the decision was secured from the supreme bench.

City Attorney Burpee then succeeded in having a fourth trial brought in the Rock County Circuit court. It took place before Judge Dunwiddie in the February term of court, 1902. The verdict was for \$2,500, but of this sum the plaintiff remitted about \$900 and on motion of the defendant the sum was further cut down to \$800 and costs.

But for a disagreement as to the taxation of the costs the case would probably have reached a settlement, but it was once more appealed to the supreme court. The case was argued at Madison, March 21, and the decision yesterday upheld the verdict rendered by Judge Dunwiddie, thus ending the protracted struggle for damages.

WORK IS PLENTY FOR BADGER CO.

THE NEW CONCERN IS DOING A RUSHING BUSINESS, WITH ORDERS AHEAD.

Fresh paint, new machinery and three months' orders ahead is the story at the plant of the Badger State Machine company on Franklin street. This is a new company, only recently organized and fairly located in their shop. In fact some of the machinery is being placed in position, a new 16 inch jointing planer having been put in last Thursday.

The walls of the shop have been newly whitewashed, and now the woodwork is being painted, which, with the new and improved machinery, gives the place a neat appearance. The shop will be steam heated, the system having just been installed. Another industry located in this same building and only fairly opened is that of C. H. Messer, the electrician. He will devote his attention to electrical appliances and gas engines, when fully equipped for work.

DIFFERENT PROCESS FOR JOINT-MAKING

PARKER PEN COMPANY WILL HAVE A NEW APPLIANCE TO DO THAT

WORK BY MACHINERY.

A nice piece of work has just been turned out at the machine shop of Randall and Athorn on River street. The mechanism is what is technically termed a slide rest and is for the use of the Parker Pen company. The making of a fountain pen joint calls for accuracy and the work is being done by hand at the present time. It is supposed that this little mechanical appliance will not only do the work more accurately, but that much time will be saved as well.

COTTON MILLS BEING IMPROVED

NEW ADDITION IS BEING BUILT FOR THE ACCOMMODATION OF THE HOWE BROTHERS.

PUTTING A BASEMENT WALL UNDER A BRICK BUILDING, THE ORIGINAL FOUNDATIONS OF WHICH WERE LAID ONLY A FEW FEET BELOW THE SURFACE IS NO EASY TASK. SUCH A JOB, HOWEVER, IS BEING CARRIED FORWARD TOWARD COMPLETION ON FRANKLIN STREET AT THE SITE OF THE PROPOSED NEW ADDITION TO BE ERECTED BY HOWE BROTHERS. JUST NORTH OF THIS SITE IS THE OLD BRICK BUILDING OWNED BY HOWE BROTHERS AND USED BY L. B. CARLE FOR TOBACCO STORAGE, AND IT IS UNDERNEATH THE SOUTH WALL OF THIS STRUCTURE THAT THE NEW WALL IS BEING PLACED.

ANOTHER STRUCTURE

WHEN COMPLETED IT WILL FORM THE NORTH BASEMENT WALL FOR THE NEW BUILDING WITH WHICH HOWE BROTHERS WILL FILL IN THE GAP BETWEEN THEIR FACTORY BUILDING AND THE OLD WAREHOUSE. THIS NEW BUILDING WILL BE CONSTRUCTED BY SIMPLY ERECTING THE TWO END WALLS, AND ROOFING OVER THE INTERVENING SPACE. WHEN COMPLETED IT WILL BE USED FOR FACTORY PURPOSES BY THE ROCK RIVER COTTON COMPANY.

WHAT DO YOU THINK OF A PAINTER WHO GOES ON BUYING HIS LINSEED OIL AND WHITE-LEAD, AND MIXING, AND TINTING BY HAND, CHARGING HIS TIME FOR WORK THAT IS FAR BETTER DONE BY MACHINERY; DONE AS YOUR HORSESHEOES AND NAILS ARE MADE.

MISTAKE, ISN'T IT?

HE IS WASTING HIS CHANCE IN THE WORLD. THERE IS NO BETTER STUFF TO DO BUSINESS WITH THAN GOOD HORSESHEOES AND PAINT; AND NO BETTER WORK THAN PUTTING THEM ON. GOOD HORSESHEOES, WELL PUT ON; IT IS THE PUTTING ON OF THEM THAT MAKES YOU A GOOD BLACKSMITH; NO MATTER WHO MAKES 'EM.

WHO WANTS TO GO BACK TO THE OLD TIMES AND MAKE HIS OWN HORSESHEOES? BETWEEN US TWO, THAT PAINTER DON'T KNOW HOW TO MAKE GOOD PAINT—HE USED TO; BUT PAINT HAS RUN AWAY WITH HIM.

YOURS TRULY,

F. W. DEVORE & CO.

FOUR OF PARTY ARE DROWNED

Ignore Warning and Lose Their Lives
in Wabash River Bottoms.

Clinton, Ind., April 18.—Ora Eddington, his wife and their three small children, with two neighbors' boys, started to cross the Wabash bottoms in the face of a warning of danger, and the three Eddington children and William Dudley were drowned. The party got off the road and soon was beyond its depth. Hundreds of people witnessed the disaster, but a relief boat was late in reaching the struggling people. Eddington escaped on a horse and his wife was rescued by William Jacks, 12 years old.

GRANTS HONORS TO AMERICANS

Chinese Decorations Bestowed for
Courtesies to Prince Tsai Chen.

Pekin, April 18.—By royal decree the decoration of the Order of the Double Dragon, second grade, first class, has been bestowed on H. H. D. Pierce and the decoration of the Order of the Double Dragon, third grade, first class, on James Reynolds, private secretary to Mayor Lov of New York. This has been done at the instance of Prince Tsai Chen in return for courtesies received by him on his return from Berlin through the United States to China last year.

PRIVATE BANKS ARE CLOSED

Attachments Served Against Concerns
in Alabama Towns.

Chattanooga, Tenn., April 18.—The private banks of Leroy C. Harding at Fort Payne, Attala and Collingsville, Ala., were closed on attachments issued by alleged creditors. Mr. Harding has not been seen in Fort Payne for several days. The attachment at Fort Payne was served in the interest of a Kentucky grain house to collect a debt of \$1,900. It is said here that banks in Kentucky, Ohio, Indiana, Atlanta, Birmingham and Nashville are interested.

LOCKED IN WITH DEAD MOTHER

Two Children Found Shut in House
With a Corpse.

Sioux City, Iowa, April 18.—Neighbors who had not seen Mrs. Carl H. Hoeger for two days broke into the locked house. The children, aged 7 and 4, danced out laughing to meet them. They were stark naked. A heap of bed clothes was investigated and found to contain the body of Mrs. Hoeger, who had been dead two days. Doctors say she evidently died of heart trouble and rolled off the bed in her convulsions.

MANDAMUS TO TEST THE LAW

Quincy Democrats Will Attack Recent
Judicial Reapportionment.

Quincy, Ill., April 18.—Democrats of counties comprising the old Fourth district of the Supreme court met in convention here and nominated William L. Vandeventer of Quincy for the Supreme bench to succeed Justice Joseph N. Carter. Secretary of State Rose will be asked to accept it as the regular nomination and mandamus proceedings will be instituted to test the recent judicial reapportionment by the state legislature.

Pope Receives Americans.

Rome, April 18.—The pope received in private audience Rev. William Kieran, rector of St. Patrick's church, Philadelphia; Mr. and Mrs. Harrison Powers of Natchez, Miss.; Mrs. Chatard of Indiana and Mrs. Fries, Mrs. James Connor, Mrs. and Miss Anna Robinson and Peter Conner, all of Rock Island, Ill.

Winnipeg, April 18.—The postoffice at Arcola station was robbed by parties who entered the back door. They cut open the Winnipeg mail pouch and secured over \$2,000 in cash and valuable papers amounting to about \$6,000.

Czarina's Condition Alarms.
Moscow, April 18.—Much uneasiness exists in regard to the health of the czarina. It is now believed that she has a dangerous attack of peritonitis and that her condition is steadily growing worse.

MISS MONIE BOWEY,

No. 38 Perry Street, DETROIT, MICHIGAN.

A couple of winters ago I slipped on a frozen sidewalk and fell flat on my back. On being examined I found that I had sustained internal injuries which laid me up for more than two months. After that I noticed that I had pains in the back and groin which I never had before. I doctored and doctored for several months but as the pains increased instead of growing better I decided that I was not having the right treatment. Reading in the papers of the wonderful cures performed by Wine of Cardui I wrote to one of the parties and received a very satisfactory reply and I immediately sent for some. In a very short time I felt generally better and after seven weeks faithful use I was once more well and strong. I have never had a sick hour since and I daily bless your splendid medicine.

MONIE BOWEY.
WINE OF CARDUI is one medicine that should always be kept on hand in every home for immediate use when female weakness first makes its appearance. Miss Bowey's painful and dangerous accident would not have resulted so seriously had she taken Wine of Cardui promptly.

Your druggist will sell you a \$1.00 bottle of Wine of Cardui. Secure the medicine today. Take it in the privacy of your home. Relief will come to you as surely as you take it.

Wine of Cardui makes women more womanly by curing their weakness and making them stronger. Wine of Cardui cured Miss Bowey. As a medicine for all women in every trying period of their lives can you think of a better medicine for yourself, your sister, your daughter or your mother? Can you think of a more acceptable present to give your friend than a bottle of this medicine which will bring her health and happiness? You are suffering? Your duty is to rid yourself of this pain. If your daughter, mother, sister or friend is sick and in need of relief, your duty is equally great to them. Many women, now well, owe their lives to friends who brought them Wine of Cardui.

Wine of Cardui is adapted to women at any age in any walk of life. For the working woman it gives her strength for her tasks and better treatment than a doctor for very small cost.

TO EVERY MAN HIS DUE

Two school girls were discussing a classmate the other day. They both admitted that she was dull a poor scholar and always behind with her lessons. Mary said:

"I don't see why she don't quit school and go to work," when Jennie suggested that perhaps work and worry was what was troubling her now. The suggestion was followed by the query,

"Have you ever been to her home, and do you know how she lives?"

Mary admitted that she never had as she didn't belong to her set, and she had been told that the family were very poor.

Jennie said, "Yes it's worse than that, for her father drinks up pretty much all that he earns, and then comes home and abuses the family. I called there the other day with mother, and I have been thankful ever since for a comfortable home and a father that don't drink."

While they were discussing their school mate, the girl came along, and Jennie greeted her with a kindly "Good Morning" and extending her hand said,

"Come over and see me Hattie, you know you owe me a call."

The girl recognized the expression of sympathy, and the warm clasp of the hand brought tears to her eyes, as she said, "I don't go out very much and you will excuse me if I don't call," and then she passed on.

The girls were impressed with her forlorn appearance, and Mary said,

"I guess I haven't been very charitable. Hattie would be just as good a scholar as either of us, if she had half a chance," to which Jennie assented, and then she said,

"There's a verse in the bible somewhere that says, 'Render therefore to all their dues'." "I suppose that means to give girls like Hattie credit for all that belongs to them, taking into account the hindrances and privations that come into her life through no fault of her own."

The topic suggested by this little scrap of school girl experience touches humanity at every point. The environments of life and especially of boy and girlhood life, have much to do with the character as well as with the mental equipment.

The boy or girl who comes up through the slums, or whose early surroundings are tainted with dissipation and crime, is handicapped in the race of life before it is fairly begun, and yet as much is expected of this class as any other, for the world measures very largely by a single standard.

"Render therefore to all their due" Tribute to whom tribute is due; custom to whom custom; fear to whom fear; honor to whom honor. Owe no man anything but to love one another."

When the old apostle wrote these lines to one of the little churches that he had founded, he probably had no thought that they would become immortal, but they have been read in all ages since, and never more widely than today. They belong to the inspired truths of practical Christianity, and are worthy of more thoughtful recognition than they receive.

It is a difficult thing to render to every man his due. Humanity is supremely selfish and words of criticism and censure are more common than expressions of commendation.

The individual pedestal of uprightness is the throne usually occupied, and every toller in the great struggle of every day existence, is expected to recognize it as a standard.

The man who comes up through boyhood surrounded by right influences, goes on into life a total aristocrat. No pledge is necessary to hold him in check, and he is entitled to no particular credit for being a temperance man because it costs him nothing in the way of effort.

He may pity the weaker brother, who inhaled the fumes of stimulants from babyhood, but he fails to sympathize or extend a helping hand. If he could put himself in the others place for twenty-four hours, starting out in the morning with the determination to spend a sober day, fighting an appetite that holds him in its grasp like a vice, until the weakened will is no longer able to resist, he would know something about an experience that is entitled to more pity.

When the weak brother receives what is due him in the way of charity and forbearance, there may be found in his heart a chord that responds to the touch of sympathy.

The brother in the church may wrap himself in the robe of righteousness, forgetting the fact that the brother on the outside is made of the same clay, and sustains the same relationship to the great Father. He

may be an erring son, but that does not change the relationship. Neither does it make him any the less a brother man.

The woman in white with spotless character and an unmarred reputation may look with disdain upon her fallen sister, unmindful of the fact that to the accident of birth and environment is largely due the difference in the lives developed.

Many people are good in this world simply they never had a first class opportunity to be bad, and many a good soul has gone down before the blast of hot temptation, who might have escaped but for the blast. The criminal classes are not all behind the bars, or on the black list.

The foundation of moral character is the choicest birthright, and the possessor has occasion to thank God for being well born and well environmented, but the man or woman who works out a destiny in spite of adverse surroundings. Is the hero in the strife?

These are the people to whom honor is due. They have won, not because the conflict was easy, but in spite of every foe.

The boy who works his way through college pays the price for an education and the chances are that he will prize it more highly than the boy who has all expenses paid and a liberal allowance furnished for spending money. The boy who serves his apprenticeship with a broom behind a counter, if he possesses ability, and a determination to win will make a better merchant than the young man who starts in a few years later behind the same counter as a salesman.

One started at the foot of the ladder, and while the ascent was slow he made it round by round. He knows how to deal with boys when he comes to employ them, and is familiar with all the details necessary to a successful business career. The other started from the middle of the ladder and missed his early training in some of the most important features.

The average mortal comes into life without the aid of a silver spoon and whatever of a success comes to effort is largely due to exertion. Handicaps in the race are peculiar to the individual life but they are exceedingly common.

There is an opportunity on every hand for the broadest charity and the warmest sympathy. Sweat and toil are the common lot of humanity, and the dignity of labor is the safeguard of the nation.

"To every man his due" is a motto that should be generally adopted and observed, especially in this age where the conflict between brain and capital and muscular labor is waged so fiercely.

The men who drop out first in the race are the men who become so absorbed in planning, that they lose all track of time and know no limit to human endurance. The hand may not be employed in execution, but that wonderful organ, the brain is a tireless worker. The man who is weary from physical exertion, wakes up in the morning refreshed, and ready to renew the conflict, but the tired brain courts sleep-in vain.

This class of men, and they are the class that keep the wheels of commerce and industry in motion, are not always accorded what is due them.

Much might be said along the same line regarding the conditions of labor which are fair from ideal. A large majority of mankind are employees, and necessarily so, they are frequently entitled to more consideration than they receive.

In the good time coming, the man who plans and the man who executes will recognize the fact that both stand on the same platform of mutual interests, and the bond that unites them will be the bond of common brotherhood.

The Assembly committee played horse with the primary bill, and as a result the measure stands where it did before the session of the joint committee. There is nothing unreasonable about the Senate bill which provides for applying the primary law to all city and county offices and referring state and legislative offices to a vote of the people at the next general election.

It is claimed that the Southern Wisconsin C. has an option on the Janesville street railway company, the deal to be closed if the franchise for the Madison line is secured. This of course will mean a better service for the city which would be considered very desirable.

The term of the old council expires April 21. The new council will be installed shortly after that date.

President Roosevelt's name is being used in connection with the presidency of Harvard college in 1908. That might be called dealing in futures a long way ahead.

The ad valorem tax bill as reported by the tax commission is likely to become a law. The experiment is of doubtful value.

N. B. Treat, is succeeded on the State Board of Control by Harry Clark of Monroe. Mr. Clark has been waiting for lightning to strike him for many moons.

The governor will enter the Assembly arena as an advocate of railroad reform. The law should provide that he be permitted to hold the

double office of chief executive and legislator.

PRESS COMMENT

Racine Journal: Wisconsin now applies the referendum to a number of matters; and why not apply it to such a revolutionary provision as that of a primary election law?

Chippewa Herald: Members of the Milwaukee school board claim that the long sweeping skirts worn by the teachers spread germs and disease. On the basis, the meek little chorus girl could never be accused of scattering microbes.

Eau Claire Telegram: Taxation of mortgages is not in the category of taxation of credits, in the last analysis. As the mortgagor must bear the tax burden, it is really taxing him to what he owes—viz., taxation of debts, not credits.

Milwaukee Wisconsin: Why should men who want to establish farms on new land go to the Canadian northwest or Oregon and Washington, while there are attractive opportunities in northern Wisconsin? The meeting of land agents at Marshfield tomorrow will lead to the promulgation of facts which are worthy of general attention.

The Assembly committee played horse with the primary bill, and as a result the measure stands where it did before the session of the joint committee. There is nothing unreasonable about the Senate bill which provides for applying the primary law to all city and county offices and referring state and legislative offices to a vote of the people at the next general election.

It is claimed that the Southern Wisconsin C. has an option on the Janesville street railway company, the deal to be closed if the franchise for the Madison line is secured. This of course will mean a better service for the city which would be considered very desirable.

The term of the old council expires April 21. The new council will be installed shortly after that date.

President Roosevelt's name is being used in connection with the presidency of Harvard college in 1908. That might be called dealing in futures a long way ahead.

The governor will enter the Assembly arena as an advocate of railroad reform. The law should provide that he be permitted to hold the

double office of chief executive and legislator.

HARRIET DECKER WINS A PLACE

IS SECOND AT THE CONTEST IN EVANSVILLE.

HER SELECTION WELL GIVEN

George Foster, of Beloit, Won the Contest by a Narrow Margin.

Miss Harriet Decker last night captured second place for the Janesville High school in the league declamation contest at Evansville. She is a member of the junior class, and the declamation with which she won the honor was "The Substitute." Miss Adah Longley also represented the school in the contest, which was attended by over one hundred from this school and many from Beloit, and Whitewater. McGee's hall was filled to its limit.

Beloit Wins First

George Foster of Beloit, a brother of one of Beloit college's leading orators and the son of a man who years ago won Interstate honors for the Line City college, took the first place in the contest. His speech was a selection from one of Senator Thurston's thrilling Phillips on the Cuban situation. His victory over Miss Decker was by only a single point in the percentage table.

Goes to Whitewater

State High School Inspector F. E. Doty, Assistant State Superintendent of Schools C. H. Donnelly and Superintendent Dodgeon, all of Madison, were the judges who rendered the decision. Principal Kling of the Evansville high school was the presiding officer. By securing second place Miss Decker will be entitled to a place in the district contest at Whitewater, and if she secures first or second place in that contest she will go to the state contest at Madison.

Subjects of Speakers

The program follows:
The Unknown Speaker
Lewellyn Coburn, Whitewater
The One Legged Goose
Adah Longley, Janesville
Affairs in Cuba George Foster, Beloit
"Jamie" Grace Fessenden, Evansville
Heart of Old Hickory
Lillian Maurer, Beloit

The Future of the United States
Harold Hennessy, Whitewater

Old Mother Goose
Mary Holmes, Evansville

The Substitute
Harriet Decker, Janesville

The opening song was a chorus by members of the Evansville school, written by one of their number to laud their school and their representatives in the contest.

Ebbits-Engebretson

It will be a surprise to the friends of the groom to learn that Edwin Engebretson was married last Wednesday. The ceremony took place in Chicago, and the bride was a Chicago girl, Miss Dottie Ebbits. The marriage was solemnized at St. Barnabas Episcopal church, the Rev. J. M. Randall being the officiating clergyman. The newly married couple will live in a home on South Main street.

AT THE COURT HOUSE

Articles of incorporation were filed with the register of deeds for the Avalon Creamery company. The members of the company are E. H. Ransom, R. G. Inman, E. C. Ransom and B. P. Irish.

The following marriage licenses were issued by County Clerk Starr today: John Fulton of Fulton to Mary Rainey of Edgerton; Robert Dillon of Clinton to Lizzie Sherman of Clinton.

Judge Dunwiddie in the circuit court, today excused the Jurymen until May 25.

Schumann Club: The Schumann club will meet with Mrs. J. F. Sweeney on Monday evening, April 20th, at 7:30 o'clock.

Coming 50 Strong: Next Monday night the degree team and about 50 members of the Beloit Knights of the Macabees will come by special car to visit at the review of Rock River Tent and initiate five or six candidates into the order with their beautiful ceremony. It is hoped that every resident member of Rock River Tent will be present next Monday to meet the Beloit Sir Knights.

Pansies This Early: Miss Mary Tipney, who lives at 105 Cornelia street, is one of the first if not the first to have a bed of pansies in full bloom out of doors. Miss Tipney's garden is the admiration of neighbors and friends, and the beautiful blossoms are as big and full as though grown in June or July.

Welsh's Brick Yard: A paper from De Valls Bluff, Ark., states that the new steam brick and tile factory, owned by John C. Welsh, is ready to begin operation with a daily capacity of 20,000 brick and 7,500 tile. Welsh was formerly foreman at the Red Brick yards in this city, removing to Arkansas with his family about two months ago.

A couple of cars used in the telegraph department of the St. Paul road are sidetracked in the yards here while necessary repairs to the telegraph system of the company are being made.

KILLS LITTLE GIRL AND SELF

Indiana Man Who Recently Inherited \$15,000 Commits Crime.

Fort Wayne, Ind., April 18.—Harry Kline, better known as Peter Kline, shot May Jackson, 14-year-old daughter of John Jackson, after assaulting her. The two bullets took effect in the head. She cannot recover. The body of Kline soon after was found with bullet holes in his right temple. Kline's father recently died, leaving him a fortune of \$15,000. He was 40 years old and unmarried.

LINCOLN SCHOOL TO ENTERTAIN

TO GIVE AN ART EXHIBIT THIS EVENING.

WANT FUNDS FOR A PIANO

An Interesting Literary and Musical Program Will Also Be Given in Connection with Same.

In the hope of raising a sufficient sum of money to form a substantial nucleus for a piano fund, the teachers and pupils of the Lincoln school will this evening give an art exhibit and musical program at the high school building. Although every kindergarten in the city is provided with a good piano, the entire Lincoln school building of nine rooms has to be contented with a rented organ. The exhibition tonight is expected to at least pave the way toward supplying this deficiency.

Double Entertainment

At seven o'clock the visitors are expected to arrive to look over the exhibit of drawing work, including the rudimentary examples of form and color work some very interesting specimens of the history and physiology drawings required of the pupils in the different rooms of the building.

The three rooms on the main floor of the high school building occupied by the school board, the superintendent of schools, and the reception room, have been transformed by the art specimens.

Two Orchestras to Play

One of the features of the entertainment, which begins at eight o'clock, is music by the Lincoln school orchestra. It includes in its instrumentation several violins, a clarinet, a cornet, and other instruments, and under Mrs. Hyde's tutelage it has reached a high degree of proficiency, considering the age of its members. It was organized with the idea of forming a "feeder" for the high school orchestra. The latter will play during the earlier part of the evening, while the drawings are being inspected.

Interesting Program

The program will be given as follows:

Chorus, Seventh grade girls; new version of the "Old Woman Who Lived in a Shoe," primary children;

Chorus, Third grade pupils; Recitation, "The Raggedy Man," Serene Nasset; Chorus, First and Second-grade pupils; "Five Brave Knights," Fifth grade pupils; "The Train to Morrow," Fifth grade pupils; Chorus, Fourth grade pupils; Orchestra, Eighth grade boys; Chorus, Sixth grade girls; Recitation, "The Ride at Devil's Elbow," Althea McBride; Son, The Snowflake, Mary Ludden; Chorus, Eighth grade girls; Fan Drill; Sunflowers, Eighth grade girls; Boys' chorus; "Ben Hur," boys' chorus.

COMING BEAUTY SHOW IS ATTRACTING ATTENTION

Indications That Standing Room Will be at a Premium for the "Chaperons Performance."

During the past week Manager Myers has secured a large number of additions to his subscription list for the production of the "Chaperons" which will be given this coming Wednesday. The photographs of the principals which have been on exhibition before the post office have drawn great attention, especially those of Eva Tangney and Mac Stebbins, the two clever dancers who made such a hit here last season in the company.

...Forty Years Ago...

Janesville Daily Gazette, Saturday, April 18, 1863.—Our dispatches today announce the capture of Gordonsville and Culpeper by Gen. Stoneman, their occupation by a force of infantry and artillery, this is the first time that Gordonsville has been in our possession and it is an important strategic point. Our forces comprise cavalry, infantry and artillery under Gen. Stoneman after making a feint at Keely's ford crossing the Rappahannock higher up and pushed down to Culpeper and Gordonsville, they now occupy the latter place having driven the enemy from there. The Chattanooga dispatches admit Van Dorn's defeat, at Franklin and confirms the former account. Nothing later from Washington. Richmond papers report the arrest and return on Monday of nearly 400 rebel officers, the Examiner of the 16th says that the 59th Va. regiment, destroyed the Federal Cavalry camp near Williamsburg, five killed and several wounded.

Major Hansen of the 6th regiment delivered today at the executive office.

...Western Kansas...

Western Kansas north of the Arkansas river and west of a line drawn from Osborne through Russell to Larned, will receive the particular attention of the bureau of forestry this summer. A study of the tree growth of that region will begin this month under the direction of R. S. Kellogg, of Russell, Kans., and agent for the bureau, and will be continued until fall. In this part of the state the timber penetrates the prairies by way of the river bottoms, clinging closely to these moist lands and advancing only occasionally to the uplands.

The bureau will study the tendency of the trees and shrubs along the water courses to increase and spread especially when protected from fire and stock, and will determine what species are best adapted to planting on those uplands that contain no natural growth.

In many places along the streams where fire and stock have been excluded for ten or fifteen years are found thrifty young cottonwoods, white elms, boxelders, and other species which are slowly invading the great plains.

fece the old regimental flag of the gallant 6th regiment, worn and torn and tattered in the fierce conflict of Gainesville and Bull Run, Antietam and Fredericksburg. It will be replaced by the governor with a new flag under the law passed in the last legislature.

Returns received from nearly every county in the state indicate the re-election of Chief Justice Dixon on the home vote, with the army vote to hear from, which will increase the majority by from six to twenty thousand. This is the strongest protest against copperheadism. The Madison Journal announces the death of Major Howard Standart of the U. S. A., the military agent of the government for this state. The adjutant general of this state has published an order directing special attention to the requirements of the militia law passed at the late session of the legislature, that within three months, there must be volunteer companies enough to form three regiments for state service and minute men on the regiments will be filled by draft.

Coming Attractions.

The management of the Myers Grand announces as the attraction for Wednesday April 22 Frank L. Perley's very favorably known musical travesty "The Chaperons". This is rather expected to be the most notable of the seasons offerings here. The company is one that was seen in this city last winter and it rejoices in the fact that it had a successful Broadway run of some two months.

Grace George is to do one of Shakespeare's heroines in a big revi-

last summer. As it is promised that the organization has not been allowed to deteriorate in any respect and that the production as far as scenery and garbment are concerned is of the highest standard, an entertainment of rather superior excellence may be anticipated. Walter Jones, Ed Redway, Eva Tanguay and others as were identified with the piece last year will be seen here this season.

THEATRICAL NOTES

The big successes at present in New York are Grace George in "Pretty Peggy," "Sultan of Sulu," "Wizard of Oz," "Prince of Pilsen," and "Earl of Pawtucket," all productions of independent managers not connected with the theatrical syndicate.

David Belasco saw Grace George play "Pretty Peggy" the other night and was enthusiastic over the progress she is making. He classes her as the coming young American actress.

"Way Down East" plays its 650th performance in Greater New York at the Amphion theatre, Brooklyn, this week.

Whose Fault Was It?

Recorder Gott relates with great glee this joke on himself: A jurymen applied to him to be excused from serving, on the ground that he was deaf and could not hear clearly. "You've been in the court all the morning—didn't you hear my charge to the jury?" asked the recorder. "Oh, yes, your honor," was the quick reply; "I heard it right enough, but I couldn't make any sense of it."—New York Times.

Using Iron as a Medicine.
Iron is a strengthening medicine when given in an assimilated form. But many stomachs refuse it, however. It may be manipulated by the druggist or mingled in the mineral spring by the hand of nature. A new means has been found for rendering it generally assimilable, namely, by mixing citrate of iron in the food of hens. After this has been done for about a month the yolk of the eggs becomes rich in iron, and the most delicate stomach can digest it.

Advancement in Norway.
A Swedish company has purchased the Rjukan Falls at Telemarken, in Norway, in order to apply its power to industrial purposes. This is one of the largest waterfalls in the world, and plans are being drawn up for making use of it. This company tried to obtain some of the falls in Sweden, but that Government retained them for public objects.

RACINE, WIS., March 21st, 1903.

Mr. F. A. Taylor, Janesville, Wis.:
Dear Sir—Your order for Three Thousand Dollars (\$3000) worth of buggies is received. We are very glad to have you place your second order so early in the season, as it enables us to give you better service in finishing the vehicles before the rush of early summer begins.

In regard to the wheels we are using, we wish to say that we make them ourselves, using nothing but the very best split hickory stock, seasoned three years, and each set of wheels is guaranteed to be just as represented and to wear more days than any other wheels on the market.

We also make our own springs, bodies and gears, the fact is that nothing goes into our vehicles that we do not make ourselves, and consequently our guarantee is the very highest. Do not overlook the fact that we grind out our own paint, making it possible for us to know just what service our customers will receive.

Thanking you again for the order, and assuring you that we stand back of every vehicle we sell, we are,

Yours very truly,
Dictated by W. H. Richardson.

BAD WEATHER AFFECTS TRADE

TRAFFIC CONDITIONS BETTER

Railway Earnings Increase 12½ Per Cent, but Roads Must Provide More Engines and Cars to Avoid Congestion During the Rush Season.

New York, April 18.—"Cold and wet weather in many sections of the country retarded retail trade in spring and summer wearing apparel. Jobbers also felt the effects in a lessened activity and agricultural operations made irregular progress. Production of farm staples may not be curtailed by the latter planting, although in some cases there will be great danger of loss at the end of the season through early frost." The foregoing is from the weekly trade review of R. G. Dun & Co. It continues:

Traffic Conditions.

"Traffic conditions are steadily improving, yet some complaints are still heard, and further additions to motive power and terminal facilities must be made if another season of congestion is to be averted at the next time of pressure. Railway earnings thus far in April exceed last year's by 12½ per cent, and those of

1901 by 24.1 per cent."

"Several factors tend to delay the placing of contracts for pig iron deliveries after July 1, which naturally weakens the tone, and it is reported that Bessemer is freely offered at \$20, Valley furnace, without attracting purchasers.

Plenty of Coke.

"Such small concessions as are offered increase the disposition of prospective buyers to wait as long as possible. An output of over 300,000 tons of coke weekly and sufficient traffic facilities to keep furnaces supplied remove the alarm regarding future scarcity, and the situation has become more normal, which makes it possible to ascertain to what extent prices have been inflated by special conditions. Thus far no accumulation of material is reported, notwithstanding unprecedented production, and the prospect favors continued activity in demand after the present period of uncertainty is past.

Fear Labor Troubles.

"Contracts for structural steel are also placed with great caution, not because of light business in sight, but owing entirely to the fear of labor troubles. It is hoped that controversies in the building trades will be settled by May 1, in which case large orders for steel shapes will be offered, as plans for many new bridges and structures are now under consideration."

"Textile" mills have not received any material increase in amount of new business, and there is evidence that the exceptionally heavy transactions of January and February provided sufficient supplies for present needs.

Market for Staples.

"No improvement has occurred in the market for men's heavyweight woolens, and there is prospect of an unusually early opening of spring lines for next year in order to maintain activity at the mills. Efforts to secure advanced prices on broad silks have not proved successful. As a rule the footwear market is quiet, except for good purchases of heavy shoes by Western jobbers. Only fair sales are reported of sole leather and glazed kid leather.

"Failure numbered 212 in the United States, against 261 a year ago, and sixteen in Canada, compared with twenty-four last year."

Names' Alaska Committee.

Washington, April 18.—Senator Beveridge of Indiana, chairman of the committee on territories, has selected Senators Dillingham of Vermont, Burnham of New Hampshire, Nelson of Minnesota and Patterson of Colorado as a subcommittee to visit Alaska with a view to recommending appropriate legislation.

BACKING UP STATEMENTS

If this store puts a statement in print concerning its methods or its merchandise you can depend upon that statement being in every way backed up. We are careful here never to make statements which cannot be backed up. Public confidence came to us by a strict adherence to our printed promises. We make some forceful statements in this "ad" concerning certain lines of fresh seasonable goods. Suppose you visit the shop and see for yourself how carefully they are backed up.

IMPORTANT OUTER GARMENT SALE.

We've made careful preparation for a big selling event in our garment rooms. When you see style and quality linked to such low prices it will certainly pay you to carefully investigate.

Suits & Jackets.

Women's Dress Skirts.

Recent large shipments have put our stock of Suits, Jackets, Blouses, Coats so far ahead of what might ordinarily be called a complete stock that all hopes of any house hereabouts reaching us must be blasted. We cannot picture in cold type the loveliness of the suits and spring garments. They come from New York's leading manufacturers and are very late. Suits in Etamine, Pongee, and fancy materials beautifully trimmed and only one of a style. Values in suits at \$10, \$15 to \$25 in pretty mixtures that cannot be matched.

Spring garments in black taffeta and Beau de Sole silks, changeable cloth, taffeta, black velour, cream broadcloth, colored etamines, natural pongee, etc., for ladies and misses. Swell styles that will not be common.

Ladies looking for exclusive novelties can surely get suited here.

Hundreds of them—styles to suit every one.

Some elaborately trimmed, others finished with stitching, strapped seams, etc. Plain and fancy wool materials, Etamines, Taffeta and Beau de Sole silks, lace-net covered, cream and Marine blue Etamines with handsome silk drop-skirts, etc. We call particular attention to the reasonable prices at which we are able to offer our ready made garments. No complaints on that score.

This is novelty season in more ways than one, but we are talking ready to wear garments, and we have laid ourselves out to gather together a collection that cannot be out-bested by any line outside of the very largest. Read over again, what we sold about backing up statements.

They are cold facts.

Spring Styles For The Boys.

HERE you will find the cream of the products of the most renowned Boys' tailors in the land. A display embracing the richest assortments, widest range of qualities and the handsomest styles and patterns in Janesville—many being confined by the makers exclusively to "Ziegler". We're proud of this showing and want every mother, father, and guardian who has a boy to fit out to come to Ziegler's and see the grandest array of Boys' apparel ever exhibited in Janesville. As to prices, there's no question that for equal qualities Ziegler prices are far and away below any in the city. Our superior buying facilities alone make this possible.

Young Men's Suits 10&\$12

Worthy of your careful investigation. The variety is enormous. All that is new, catchy and fashionable in color effects is here. Garments cut on merchant tailor lines. They're made by men who know their trade from A to Z. Fabrics, cassimeres, fancy worsteds, cheviots in Scotch patterns, and solid blue and blacks. You can safely compare these with any shown in or out of the town at \$15.00.

Other Young Men's Suits at \$6.50, \$7, \$7.50 and \$8 50.

Ages 3 to 9. This style is very popular this spring. The jacket has pleats in front and back; belt to match; finished with sailor collar shield and silk tie. Blue serges, blue cheviots and fancy mixtures, in Scotch effects, finely tailored.

See the line at

\$5.00.
